Comfortably, competently, and cheerfully performing the following:

Experimental Design
Data Visualization
Procedural Training

Research interests involve integrating phonetic perception methodologies with brain imaging technologies such as fMRI and MEG in order to investigate neuronal circuitry in multilinguals.

Education

Academic Research

Research Assistant
University of California, Santa Cruz Cognitive Science Department
2013 to 2014
Coded acoustic data with Praat and video data with After Effects for a phonological study.

Research Assistant
University of California, Davis Center for Mind & Brain
Summer 2012
Through an internship administered Stanford Binet Intelligence Tests, recruited families, coded data, and assisted with fMRI preparations.

Researcher
University of California, Santa Cruz Linguistics Department
Spring 2012
Within an independent study developed, implemented, and completed a controlled phonological study.

Proficiency

English
French
Italian
Japanese
Spanish

Honors

Dean's Scholarship UCSC

Teaching Experience

Tutor / Mentor

Foothill College, Los Altos Hills
2011

Pass The Torch Program

Tutored and developed long term collaborations with students while coaching them on productive study habits and critical writing techniques.

Tutor

Foothill College, Los Altos Hills
2011

Volunteer

When the English department closed the writing lab due to budget cuts, I collaborated with the English as a Second Language Club in order to provide free tutoring services to ESL students. I functioned as the first tutor and helped implement the ESL Club writing assistance outreach program.

Tutor

Independent
2010 to 2011

Provided tutoring services to students and adults on academic subjects such as English, French, Algebra, and Calculus.

Professional Experience

Technical Assistant

Pfizer

La Jolla, CA Global Research & Development

Jan 2008 to Jun 2009

Performed health observations on a variety of species within the Comparative Medicine Department. Managed and updated the department website.

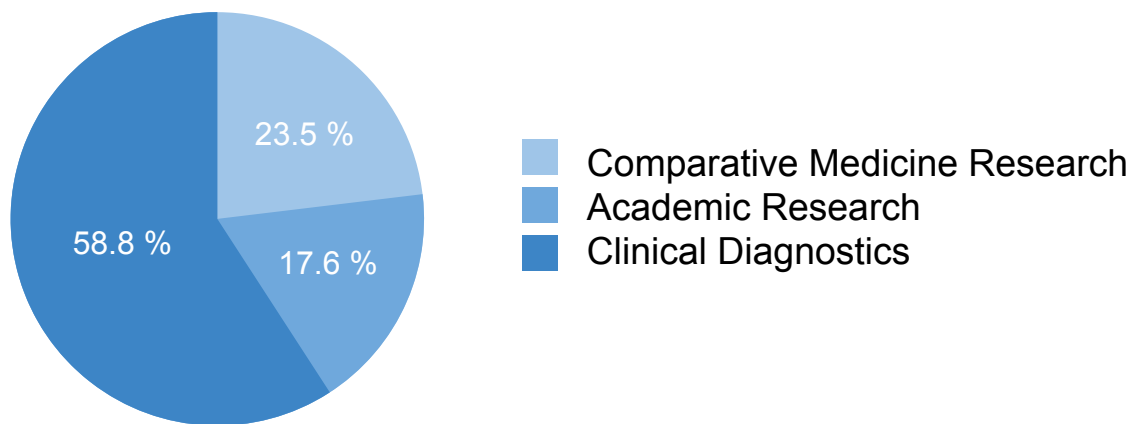

Animal Technician

The Scripps Research Institute La Jolla, CA Immunology

Feb 2007 to Aug 2007

Examined and monitored health concerns. Learned malocclusion treatments, orbital bleeds, peritoneal injections, intra-cardiac punctures, and tumor measurements.

Ruben A Sanchez
Researcher in Linguistics and Neuroscience.

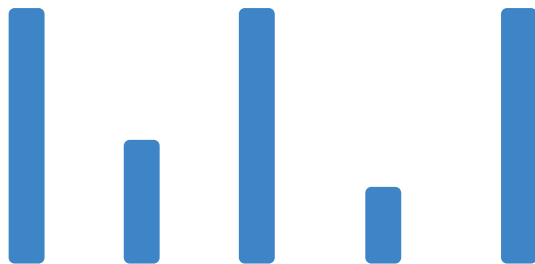

B.S. Cognitive Science

B.A. Linguistics

A.S. Physics

A.S. Mathematics
